Company Overview

Social Life Network, Inc. is an American for-profit corporation and an online Social Network and E-Commerce platform, based in Denver Colorado, U.S.A. In January of 2013 we launched our first social network platform to meet the growing demand for niche social networking in the Cannabis industry, WeedLife.com. Over the past 5 years we have included additional industries that target consumer behavior around sub-culture behavior online, and we have expanded to target the residential real estate industry as well as a growing number of sports verticals, such as Hunting, Fishing, Tennis, Cycling, Soccer and Golf to name a few. Our Social Networking and E-Commerce platform can be accessed by over 120 countries, and is translated in to 12 languages. In addition to owning and operating our own for-profit niche social networks, we provide access to our technology platform to other industry businesses by charging a licensing fee based on a percentage of their annual profits and/or number of end-users on the social e-commerce network. The niche industries that we have targeted for generating online advertising and e-commerce revenue from, total more than \$2B a year in online ad spending, and \$4T a year in retail sales.
