

**Job Description:**

**Available Position:** Metallurgical Technician

**Duration:** Full-time Permanent

**Location:** Point Rousse Project- Baie Verte, NL

**Reporting to:** Mineral Processing Engineer

**Closing Date:** October 1, 2021

**Salary:** \$27.88/hour

**Schedule:** 8 Days on /6 days off

We are looking for a dynamic individual to join the Anaconda Mill Team. The successful candidate will be passionate, work well with others, and have an energetic can-do attitude. Additionally, they will be able to have flexibility in working a set rotational schedule.

**Values**

Anaconda values are the “How” of work performed: Safety, Integrity, Reliability, Resourcefulness, Responsibility and Respect. The candidate has demonstrated these values in their daily work. These values are considered of equal or greater weight with technical abilities when assessing work success.

**Duties:**

1. Maintain a strong commitment to safety and promote a culture of safety in all daily activities;
2. Bi-weekly Gold pour and related tasks and functions
3. Routine preventive maintenance and checks associated with refinery
4. Monthly sampling and test work associated with metals accounting
5. Provide technical support to the Lab and Mill operating teams
6. Conduct and manage various Metallurgical test programs as needed
7. Provide relief and coverage in both the lab and mill operations
8. Trouble shooting associated with Mill circuits
9. Promote good will, mutual respect and a positive working environment for all team members and the greater department.
10. Other duties as assigned

**Qualifications**

- Engineering technologist certification or 5-years’ experience in a similar role
- Demonstrated ability to work in a team environment towards a common goal
- Extensive experience with Microsoft suite Excel and Word

**About Anaconda Mining Inc.**

Anaconda Mining is a TSX and OTCQX-listed gold mining, development, and exploration company, focused in the top-tier Canadian mining jurisdictions of Newfoundland and Nova Scotia. The Company is advancing the Goldboro Gold Project in Nova Scotia, a significant growth project with Measured and Indicated Mineral Resources of 1.9 million ounces (16.0 million tonnes at 3.78 g/t) and Inferred Mineral Resources of 0.8 million ounces (5.3 million tonnes at 4.68 g/t) (Please see The Goldboro Gold Project Technical Report dated March 30, 2021), which is subject to an ongoing feasibility study. Anaconda also operates mining and milling operations in the prolific Baie Verte

Mining District of Newfoundland which includes the fully-permitted Pine Cove Mill, tailings facility and deep-water port, as well as ~15,000 hectares of highly prospective mineral property, including those adjacent to the past producing, high-grade Nugget Pond Mine at its Tilt Cove Gold Project.

**Safety, Integrity, Reliability**

*Anaconda Mining Inc. is an equal opportunity employer.*

*At Anaconda, we have a clear vision: to be the place where a **diverse mix of talented people want to come, to stay, and do their best work**. Diversity is more than a commitment at Anaconda—it is the foundation of what we do. We are fully focused on equality and believe deeply in diversity of race, gender, sexual orientation, religion, ethnicity, national origin, and all the other fascinating characteristics that make us different.*
