

## **Virpax to Present at the NobleCon Online Pain Management Investor Forum on Channelchek.com on October 7, 2021**

**BERWYN, PA, October 1, 2021 — Virpax® Pharmaceuticals, Inc. (“Virpax” or the “Company”)** (NASDAQ:VRPX), a company specializing in developing product candidates for pain management, CNS disorders and anti-viral indications, today announced that Chairman and CEO Anthony P. Mack will present an overview of Virpax and take part in a fireside chat moderated by Noble Capital Markets senior equity research analyst, Gregory Aurand at the Pain Management Virtual Investor Forum on Thursday, October 7, 2021 at 9:00 a.m. Eastern time.

The presentation can be accessed by registering (at no cost) for the Investor Forum at [www.channelchek.com](http://www.channelchek.com); the investor portal created by Noble. The video webcast will be later archived on Channelchek as part of its C-Suite Series [www.channelchek.com/c-suite](http://www.channelchek.com/c-suite), and on its YouTube channel. [www.youtube.com/channelchek](http://www.youtube.com/channelchek). Additionally, a video webcast of the presentation will be available beginning October 7, 2021 on the Investors section of the Virpax Pharmaceuticals website at <https://ir.virpaxpharma.com/>.

### **About Virpax Pharmaceuticals**

Virpax is developing branded, non-addictive pain management and neurological product candidates using its proprietary technologies to optimize and target drug delivery. Virpax is initially seeking FDA approval using its three patented drug delivery platforms. Epoladerm™ is a topical diclofenac metered-dose spray film formulation being developed to manage acute musculoskeletal pain and osteoarthritis. Probudur™ is a single injection liposomal bupivacaine formulation being developed to manage post-operative pain. Envelta™ is an intranasal molecular-envelope enkephalin formulation being developed to manage acute and chronic pain, including pain associated with cancer. Virpax is also using its intranasal Molecular Envelope Technology (MET) to develop its PES200 product candidate to manage post-traumatic stress disorder (PTSD) and its AnQlar™ product candidate to inhibit viral replication caused by influenza or SARS-CoV-2. Virpax recently acquired global rights to VRP324, a product candidate for the intranasal delivery of a pharmaceutical-grade Schedule V cannabidiol (CBD) for the management of epilepsy in children, a rare pediatric disease. ## **Forward-Looking Statement**

This press release contains certain forward-looking statements within the meaning of Section 27A of the Securities Act of 1933 and Section 21E of the Securities Exchange Act of 1934 and Private Securities Litigation Reform Act, as amended, including those relating to the Company's planned clinical trials, product development, clinical and regulatory timelines, market opportunity, competitive position, possible or assumed future results of operations, business strategies, potential growth opportunities and other statements that are predictive in nature. These forward-looking statements are based on current expectations, estimates, forecasts and projections about the industry and markets in which we operate and management's current beliefs and assumptions.

These statements may be identified by the use of forward-looking expressions, including, but not limited to, "expect," "anticipate," "intend," "plan," "believe," "estimate," "potential," "predict," "project," "should," "would" and similar expressions and the negatives of those terms. These statements relate to future events or our financial performance and involve known and unknown risks, uncertainties, and other factors, including the potential impact of the recent COVID-19 pandemic and the potential impact of sustained social distancing efforts, on the Company's operations, clinical development plans and timelines, which may cause actual results, performance or achievements to be materially different from any future results, performance or achievements expressed or implied by the forward-looking statements. Such factors include those set forth in the Company's filings with the Securities and Exchange Commission. Prospective investors are cautioned not to place undue reliance on such forward-looking statements, which speak only as of the date of this press release. The Company undertakes no obligation to publicly update any forward-looking statement, whether as a result of new information, future events or otherwise.
