**Item 8.01 Other Events.**

On May 28, 2021, at 9:00 AM Mountain Time, Surna Inc. (“Company”) called the annual meeting to order, there being a quorum of 52.7% of the shareholders eligible to vote at the annual meeting. The voting was reviewed, and it was determined that there were not a sufficient number of votes in favor of several proposals requiring approval by a majority of the issued and outstanding shares eligible to vote on the matters at the meeting. Although the votes received were generally in favor of the proposals but not sufficient in number to provide approval, the Company adjourned the annual meeting so as to be able to continue to solicit votes on these proposals. The proposal to adjourn the meeting was approved by 95.6%, representing a majority of the votes cast at the annual meeting in person or by proxy.

The new date of the adjourned annual meeting will be July 22, 2021, 9:00 AM Mountain Time. The record date remains the same, at April 1, 2021.

The Company will continue to seek approval of the following proposals discussed in the proxy statement dated April 7, 2021: (i) the increase in the authorized number of shares, (ii) the reverse split of the shares of common stock, (iii) the changes to the preferred stock so as to be able to cause the outstanding Series A Preferred Stock to be converted to common shares, and (iv) the adjustments to the certificate of incorporation. Shareholders are encouraged to refer to the proxy statement for a full discussion of the proposals that have been presented to the shareholders for their consideration.

The Company’s board continues to recommend a vote in favor of the proposals presented in the proxy statement for the reasons described in the proxy statement, including the need to have sufficient authorized common stock in order to permit the future issuance of common stock to support the growth and expansion of the Company’s business, including future acquisitions, and the need to have authority to adjust the capitalization to eliminate the preferred stock and effect a reverse split so as to be able to seek listing on Nasdaq, among other things.
